MND Association care information

We produce a wide range of care information to help people with motor neurone disease (MND), their carers and families, including children and young people. Our aim is to help everyone involved achieve the best possible quality of life while meeting the daily challenges of the disease.

Our range includes:

- **guides**
  larger publications, offering comprehensive overviews to help throughout the course of the disease

- **information sheets**
  shorter publications, which focus on specific symptoms or subjects such as welfare benefits

- **leaflets and cards**
  to help with specific needs, including a card to make people aware that a person has MND.

Find our publications online at:
www.mndassociation.org/publications or contact our MND Connect helpline to order printed copies.
