

Corrections to publications

All publications are regularly revised and correct at time of print.

Corrections pending the next revision are collated and listed here, until the item is reviewed. The correction is also clarified in any materials that are delivered.

If you wish to highlight an error found in a publication, please email the details to:

Infofeedback@mndassociation.org

Publications – people with MND and carers		
Publication	Location of error	Correction
No major amends required at present	No major amends required at present	No major amends required at present
Publications – health and social care professionals		
Publication	Location of error	Correction
