

My Volunteer Details

My Volunteer Details is an area on the Volunteer Portal where volunteers can view and keep track of their details as a volunteer. To access this area, use the drop-down menu in the top right-hand corner (indicated with your name and a small drop-down arrow) and select My Volunteer Details from the list

Doing so will open another page, where you will find a view of your role

Here you have the option to add or update emergency contact details, helping to ensure the Association has correct and up to date records

The last option in this menu is Volunteer Skills. Here, you can add details of any skills you may have which could potentially be beneficial in your role. For example, if an AV is particularly good at Administration, this could be added as a Skill.

To add details of a new Skill, click Add New on the right-hand side

Then use the spyglass to choose from the list of skills and choose the relevant skill level. There is also a free text box to add further information. For example, if a Volunteer has added Foreign Languages as a skill, they may want to add a note in the further information field to say that the Foreign Language they speak is Spanish

Adding entries here helps to build a portfolio of your skills or experience, which is useful when there is a requirement for people who possess a certain knowledge or skill
