If you or someone close to you has been diagnosed with MND, you may be worried about support for a child or young person in your family. We have information and services that may support you and your child.

Information

When someone close has MND

Our interactive workbook for 4-10 year olds to enable a trusted adult to talk to a young child about MND, at a speed that feels appropriate.

So what is MND anyway?

Our guide about MND for young people and young carers.

Supporting children and young people close to someone with MND

For any professional working with children or young people who have a parent, guardian, grandparent or close relative with MND.

4A Communicating about MND with children and young people

Information sheet on how to help children and young people understand what is happening when someone close is diagnosed with MND.

10G Support for families with children
