

**We make every
day matter.**

**Because every day
matters to people
with Motor
Neurone Disease.**

About us

Every day we're here for people affected by Motor Neurone Disease (MND).

A diagnosis of MND brings home the preciousness of every day. So we do all we can to make every day count. We bring understanding and guidance. We deliver practical and financial support. We raise awareness and campaign for better care. We're not just here for now – as the UK's leading charity funder of MND research, we're striving for breakthroughs to develop new treatments and, ultimately, a cure.

MND moves fast. It takes away time, it takes away independence and it has no cure. Every piece of support, every research project, every pound raised, every kind word, and every day lived well, matters.

About Motor Neurone Disease

Today, six people

**will be told they have MND and six people
will die from the disease.**

**People with
MND may lose
their voice and
movement.**

**And ultimately, their
ability to breathe.**

**A third of people
will die within a
year of diagnosis.**

**More than half will
die within two years.**

**MND is a fatal,
rapidly progressing
disease.**

**It affects the brain
and spinal cord.**

**MND doesn't
discriminate.**

**It affects people from
all backgrounds and
at all ages.**

There is no cure for MND.

Together we can change that. Your support matters.
