How to Guide

Summary   Details   Support Activities   Evidence   Grants   Loans   Connections   Notes   MND Connect   Consents

You can view and edit the personal details of the person you are supporting

Summary

This tab shows a summary of personal information about the contact.

Details

This is where information can be added regarding, for example, date of diagnosis, people in their household and other relevant notes.

Support Activities

This is where you can add and keep a log of the Support Activities provided to this person.

Evidence

This is where you can add information to log service shortfalls for the person with MND.

Grants

This tab shows the grants submitted for the person you are supporting and their status.

Loans

In this tab you can see the items loaned out to the person you are supporting and their status.

Connections

This is where you can see any connections this person has. For example to their local branch or group, or to their carer.

Notes

This area can be used to log any other useful notes such as access requirements etc.

MND Connect

This tab shows any contact this person has had with MND Connect.

Emergency contacts

This shows the in case of emergency (ICE) contact for volunteers.

Consents

This tab shows the types of consent this person has given the Association for contact.
