

Expert biography

Charlotte Massey

Physiotherapist

Charlotte is a physiotherapist who worked at the MND Care Centre at The National Hospital for Neurology, UCLH. In 2018, she set up an interdisciplinary cough and secretion management clinic for people with Neuromuscular disease with a speech and language therapy colleague.

She specialises in both respiratory and neuromuscular management of MND.

She is currently completing her PhD at the University of Sheffield looking at supporting the management of cough and secretion issues in people with MND
