

# Guess my finish time

I'm taking on this challenge to make a difference for families affected by MND. Please help me raise much needed funds by donating and having a guess at my finish time, the closest guess wins the prize! Thank you for your support.

# Guess my finish time

A Finish Time Sweepstake can be a great way to give your sponsorship an extra boost. Here's how if you've not done one before....

## How much is it to play?

Decide on a suggested donation you feel comfortable with (£2 is often used). Bear in mind there's 40 squares you can fill. If you're lucky enough to be able to fill more squares feel free to copy the sheet!

## What's the prize going to be?

Some possibly appealing suggestions for you...

- Luxury Chocolates
- A bottle of Bubbly (Not suitable if you're under 18)
- A Cash Prize (using a proportion of the total funds raised)

## With 40 squares in total to fill....

If you're asking for £1 a square, a £10 cash prize will mean you still raise £30

If you're asking for £2 a square, a £20 cash prize will mean you raise £60

If you're asking for £3 a square, a £30 cash prize will mean you could raise £90

Ask your friends if they'd like to have a go at winning the prize!

Remember to fill in the event details and record your time on the day so you can announce the winner afterwards.
