

# Publications order form

## Section A

### How to order our publications

Our publications are free of charge to people living with or affected by motor neurone disease (MND), or Kennedy's disease. Health and social care professionals can also order items free on behalf of someone with or affected by MND or Kennedy's disease.

As a registered charity, our resources are limited. Please help reduce our information costs by downloading items whenever possible and only requesting print items that you need.

1. If possible, download them free from our website for instant access, at: **[www.mndassociation.org/publications](http://www.mndassociation.org/publications)**
2. Alternatively, add the quantity you need against the required items shown on this order form and send the whole booklet to us.
3. Complete the details on the final page of this form to ensure delivery.
4. Return **all of the pages** of this order form to:  
MND Association, Francis Crick House, 6 Summerhouse Rd, Moulton Park,  
Northampton NN3 6BJ

*All resources are free, unless health and social care professionals wish to order multiple copies of our larger guides, or to support people living with other health conditions. In this case guides will cost £5 each, plus postage and packing. See page 18 for more information.*

## About us

The MND Association was founded in 1979 by a group of volunteers, all with their own personal experience of MND. Over the years, the Association has grown into the vibrant community we know today, made up of members, volunteers, campaigners, supporters and staff from across England, Wales, and Northern Ireland.

As well as being the biggest charitable funder of MND research in the UK, the Association focuses on improving access to care, providing support and campaigning for those people living with or affected by MND in England, Wales, and Northern Ireland.

Our community is united behind one clear vision – **a world free from MND.**
