

Expert biography

Dr Emily Mayberry

Senior Clinical Psychologist
Sheffield MND Care Centre and Clinical Neuropsychology
Services, Sheffield Teaching Hospitals NHS Trust

Dr Mayberry's role focuses on delivering specialist neuropsychological assessments and interventions.

Dr Mayberry also holds research posts as a SchARR Clinical Research Academy Fellow and SITraN Honorary Research Associate. Dr Mayberry's clinical and research interests focus on improving psychological support for people with MND, their family members, and for MND healthcare professionals. This includes identification of cognitive, behavioural, and emotional support needs, as well as interventions to improve quality of life particularly Acceptance and Commitment Therapy.
