

Campaigns Volunteer

"I am extremely honoured to be a volunteer for the MND Association. The most rewarding thing is knowing that I have helped people to access the services, equipment and support they need." Jo-Ann, Volunteer

What's involved?

- Promoting central campaigns on social media
- Emailing local councillors to improve services for people living with and affected by MND in your area (our team will fully support you with this!)
- Talk to MPs and decision makers about what MND is and why it's important that people have access to high quality health and care services (again, we're here to help)
- Working with regional MND Association staff to identify issues and gather evidence for local (and potentially national) campaigns
- Participating in working groups, training and learning activities

This role will suit you if:

- You're interested in learning and improving your campaigning skills
- You want to make a positive difference for people living with and affected by MND
- You're a good communicator. No matter where your interest lies, be it written or spoken, sharing articles or providing feedback, you have so much to offer!
- You are computer literate and have access to email/the internet, or someone who can help you with this

What's in it for you?

- Joining a friendly and dedicated team
- Opportunity to develop your campaigning skills and expand your network
- Access to a range of workshops, training and events
- You'll be amongst the first to hear about any developments impacting people living with MND
- Join our Campaigns Volunteer Facebook group to connect with, learn and share with others
- A chance to positively contribute to the lives of those living with and affected by MND

How flexible is the role?

This role is super flexible allowing you to spend as little or much time as you'd like.

What's the next step?

Get further information by emailing campaigns@mndassociation.org. We encourage and welcome applications from all backgrounds and all communities
