

SOUTH WALES NEUROLOGICAL CONDITIONS REHABILITATION WORKSHOP

We, in the new Neurological Conditions Strategic Clinical Network (previously known as NCIG), believe that everyone with a neurological condition should have access to support from a rehabilitation and recovery service, when appropriate to the needs of the individual.

To do this we need to build comprehensive options for support that spans local authority, social enterprises, third sector, primary, secondary and specialist care.

To start this conversation we are creating an opportunity to bring together people from all sectors in Wales, to see how we can learn from each other to understand how we can deliver services differently.

Please hold this date and circulate to those who may be able to support these discussions.

Venue:

All Nations Centre, Sachville
Avenue Cardiff, CF14 3NY

Thursday 18th May 2023
9:00 - 17:00
